Consent for IUI with Husband's Semen/ Sperm

John and Jane,
being husband and wife and both of legal age, authorize
Dr. Doctor to inseminate the wife intrauterine with the semen / sperm of the
husband for achieving conception.

We understand that even though the insemination may be repeated as often as recommended by
the doctor, there is no guarantee or assurance that pregnancy or a live birth will result.

We have also been told that the outcome of pregnancy may not be the same as those of the general
pregnant population, for example in respect of abortion, multiple pregnancies, anomalies or
complications of pregnancy or delivery.

The procedure carried out does not ensure a positive result, nor does it guarantee a mentally and
physically normal child.

This consent holds good for all the cycles performed at the clinic.
