

## FORM 9

[See rule 13 (f) (iv)]

### Consent for Freezing of Embryos

I/We, Husband ..... and  
Wife ....., consent to freezing of the embryos that have  
resulted out of ART with sperm of sperm ..... & oocyte of oocyte ..... I/We understand that the  
embryos would be normally kept frozen for 1 year ..... years. If we wish to extend this period, I/we would  
let you (the ART clinic) know at least six months ahead of time. If you do not hear from us before that  
time, you will be free to (a) use them for research purposes; or (b) discard and destroy them off. I/  
We also understand that some of the embryos may not survive the subsequent thaw and that frozen  
embryo-replaced cycles have a lower pregnancy rate than when fresh embryos are transferred.
